With the Food and Beverage industry consistently and rapidly expanding across the globe, it's only inevitable that the MENA region - which has been seeing both its population and tourism on a high rise - is now ripe with tremendous opportunities for growth in this sector. The Food and Beverage industry is a demanding and essential business, and the Middle East has become a diverse and thriving market abundant with projects and franchises waiting to pop up on every corner!

Huda Lighting has had the honor of working on a variety of Food and Beverage projects all over the MENA region, supplying a wide range of products from decorative and architectural lighting to automation and lighting controls.

Huda Lighting's wide range of products and services, make it more of a lighting solution provider, in many cases offering turnkey solutions for lighting, automation systems, wiring devices and other relevant products. Its consistently growing list of project references and corporate clients can only demonstrate the level of professionalism Huda Lighting has reached.
